Coppell, TX 75019

Dear Kelley,

Thank you very much for your encouragement and prompt attention to the Foundation for Air-Medical Research & Education's (FARE) request for funding from Metro Aviation, Inc. to support the Medical Transport Leadership Institute (MTLI) Scholarship Program.

Your consistent communications with both FARE and Metro Aviation staff helped to shepherd and frame the plan for these scholarships and secure funding for this very important program, assuring a ten-year commitment from Metro.

Metro Aviation's investment in these scholarships will help advance a set of management skills, unique to the air-medical and critical care transport community, ultimately benefitting the patients we serve.

We are enormously grateful for your confidence in us and for the many ways in which you support both AAMS and FARE.

With every best wish,

Dawn Mancuso
Executive Director/CEO
